October Pancake Breakfast

Martin Magat and his twin daughters Francis & Libby replaced table setup during the breakfast.

I can remember getting stuck doing pots and pans in Boy Scout Camp and in the Air Force but Pat Conrow volunteers to do them.

During Mass, the workers have time to eat and relax. Todd & Mary Huffman, Rosemary & Ray Creamean, Lloyd Schell, Jim Lebo & Mark Suchorabski & his new baby daughter.

Baby Bottle Drive

Pat Conrow one of many brothers that helped give out 1500 baby bottles after Mass on the weekend of October 2nd/3rd.

Pat was also there on the weekend of October 23rd/24th when we collected the bottles. Ryan Henning representing "Aid to Women Center" in Tempe is on the left. He transported the money we collected (coins, bills and checks) to the Bank of America to be counted. We should know the exact amount by the first of November. This money will be used in offering free pregnancy test along with free ultrasounds, counseling and education to young women in crisis pregnancies. They had over 1,000 patient's visits last year.
