Team Lizzie Bell

This is the third year our council has sponsored brother Gil Salcido in the El Tour de Tucson (bike ride). The money goes to Team Lizzie Bell, that exist to save children's lives through Blood Donations & Bone Marrow Registrations. Lizzie is a teen age girl, one of just 700 people in the world with Diamond Blackfan Anemia. This is when her bone marrow produces insufficient red blood cells for her body's needs. As a result, she must have a blood transfusion every couple of weeks. She's alive because people like you who continue to donate blood. But she's not the only child in need of blood. There are many children who need blood transfusions because of burns, injuries, surgeries, etc. Check out the Lizzie Bell web site.
