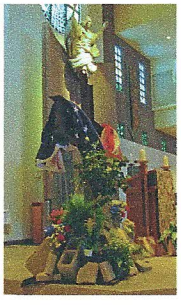
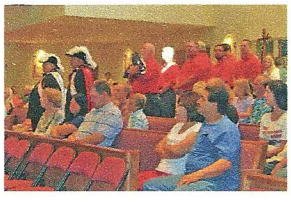
Greetings Brother Knights:

September was a successful month for our Council. We started the month with the Tenth Anniversary Masses for 9/11. We thank Fr. John for allowing our Council to begin every Mass with the draping of the American flag on St. Andrew's 9/11 cross. This is the same cross that was constructed by our own Brother Knight Tony Huffman 9 years ago for the First Anniversary. Fr. John has asked that the cross be permanently installed in the prayer garden. We will undertake this task in the near future. We, also, want to thank the Fr. Patterson Assembly for providing an honor guard for all the Masses. Many of our fellow parishioners came up to me and expressed how much they were touched by the ceremony.





During September, we have manned and have three ASU games under our belts. I would like to thank those who are not Knights, who have stepped up and have given their time: Mary and Molly Benson, Stephanie Parker and Sam Vuyk, my Brothers. I understand that participation of our membership may be down at ASU games due in part that two of the games fell on workdays. Please look at the remaining schedule and pick dates to work. Remember that attending a training session is **NOT** required this year. The only requirement is that you are at least 18 years old. Many Brothers are making this a family volunteer project. Please contact Dan Von Flue or Todd Huffman ASAP with the dates you are able to work. This is our greatest source of funds for our charitable giving and we cannot do it without your participation.

We had a good kick-off for our pancake breakfast. We had returns consistent with past years for the first breakfast of the year. Unfortunately, the freezer malfunctioned and as a result, we had to dispose of our inventory. We will be repurchasing eggs and sausage for October's breakfast. Thank you to all for stepping forward and lending a hand.

Ending September, PGK Kevin Dumas presented Fr John a check for more that $1,000 with our proceeds of the Arizona KofC State Raffle.

Looking forward in October, Brothers, our Council has many opportunities to get involved. On the schedule:
